FALL RETREAT 2020

Special Safety Measures

The following safety measures will be implemented at Fall Retreat as they are mandated by Executive Orders of the State of Georgia:

Anyone who has been diagnosed with Covid-19, has exhibited symptoms of Covid-19, or had contact with someone that has or is suspected to have Covid-19 within the past 14 days will not be allowed to enter Camp Adrian.

All campers will be screened upon arrival and anyone who exhibits symptoms of Covid-19 will be prevented from entering the camp.

If a camper exhibits symptoms of Covid-19 at any time while at Fall Retreat, they will be separated from the group immediately and will be required to leave the camp facility as soon as practicable.

As much as possible, campers will be assigned to groups, kept in the same groups for the duration of the retreat, and each group will be kept at an appropriate distance from other groups at all times.

For example:

A group will share a single cabin.

Campers will sit with their groups during worship times; and each group will be distanced from other groups in the sanctuary.

Campers will sit with their groups at meal times; and groups will be permitted to enter the cafeteria in a "staggered" fashion.

Campers will be required to sanitize their hands during group breaks.

Campers must test negative for Covid-19 within twelve days of their arrival at Fall Retreat. Any camper who cannot produce a record of such a negative test will not be allowed to enter Camp Adrian.

Campers must be re-screened each morning and evening; and those who exhibit symptoms of Covid-19 will be separated from the group

immediately and must leave the camp facility as soon as practicable.

A Registered Nurse or Licensed Practical Nurse will be on site during all times that campers are present at the camp facility.

All campers (including adults) must remain on site at all times, except in case of emergency or for purposes of participating in an off-site activity that is part of the Retreat's program. Anyone who leaves Camp Adrian will be required to receive an additional negative test result for Covid-19 prior to re-entry.
